

Sustainable Engineer Ambassador

CERTIFICATE

PROUDLY PRESENTED TO

[COMPANY NAME]

This certificate is awarded to [Company Name] for completing the Sustainable Engineer Ambassador training led by nCompass. This training ensures that [Company Name] has a sufficient understanding of the value, market drivers, initiatives, and trajectory of sustainability as it relates to building products. The completion of this training confirms that [Company Name] is equipped to better discern what makes a product truly healthy and sustainable, and what does not.

Date

Annie Bevan, Global Head of
Sustainability
